‘Watch Around Water’

What is ‘Watch Around Water’?

This is an initiative developed to address concerns & provide education about the supervision of children by parent/guardians at public swimming pools/centres. The following guidelines will be implemented at the Pools:

1. Children under 10 must be accompanied into an aquatic facility and must be directly supervised by the parent/guardian at all times.
2. Children under 5 must be supervised within arms reach at all times, and therefore children under 5 must be accompanied into the water by a parent/guardian.

Unsupervised children (of any age) will be removed from the water if the lifeguard is concerned for their safety.

If you require further information, ask the staff at your local pool.
