

## Tatiara District Council

### 2023-24 Pricing Policy Statement for Effluent Collection and Sale of Non Potable Water

Question	Response
Please provide a description of the regulated Retail Services currently offered, as specified on the Pricing Schedule.	<ol style="list-style-type: none"> <li>1.Effluent collection, treatment and disposal services via Community Wastewater Management Schemes (CWMS) in the townships of Bordertown, Keith, Wolseley and Mundulla</li> <li>2.Provision of non potable underground water to customers within the township of Wolseley</li> </ol>
Please provide information on how the current pricing policies have been developed.	<ol style="list-style-type: none"> <li>1. Pricing for CWMS is based on full cost recovery of operational expenses, plus maintenance of a cash reserve for identified upgrades and renewal. All funds received are quarantined within the CWMS reserve and are applied only for the purposes of the schemes. There is a difference between the occupied and vacant allotments to reflect the difference between the infrastructure establishment and effluent disposal costs for occupied and vacant land.</li> <li>2. The charge for the Wolseley water supply is based on cost recovery.</li> </ol>
Please describe the rationale for the price movements between the current year and previous year.	<ol style="list-style-type: none"> <li>1. Council decided to increase the annual service charge, which is \$364 for occupied land and maintained the amount for vacant blocks at \$160.</li> <li>2.Council decided to maintain the KL charge to Wolseley residents as this is a low cost service and a non potable water supply, and in this regard should be of a lesser charge than the SA Water current charges.</li> </ol>
