1. Purpose

This Policy outlines the requirements associated with the live streaming and publishing of Council Meeting recordings via Council's chosen social media platform and the Council website.

This policy informs members of the public and Elected Members on the processes, the potential benefits and any mitigation action to manage the potential risks of live streaming.

2. Objectives

Tatiara District Council is committed to providing greater accessibility to Council meetings through live streaming.

Live streams and archived visual recordings are a free public service and are not an official record of Council meetings.

3. Scope

This policy applies to:

Elected Members, Council employees and members of the public who attend Ordinary and Special Council meetings.

Live streams and recordings made of Ordinary and Special Council meetings held at Council's Principal Office Council Chamber, 43 Woolshed Street, Bordertown.

There may be times when the public and media are lawfully excluded from a Council Meeting under Section 90 of the *Local Government Act 1999*. In the case that this occurs, the stream (and recording) will cease until the meeting is open to the public.

4. Definitions

Presiding Member	Presiding Member of a Council meeting.
Council Livestream	Refers to the “Tatiara District Council” The transmission of live audio and visual coverage of an event over the internet.
Recording	The saving of the livestream.
Ordinary Meeting	An Ordinary Meeting of Council, as defined under Section 81 of the Local Government Act 1999.
Special Council Meeting	A Special Meeting of Council, as defined under Section 82 of the Local Government Act 1999.

5. Policy

5.1 Live Streaming, Recording and Publishing

Ordinary and Special Meetings, and Council Committee Meetings held at Council’s Principal Office Council Chamber, 43 Woolshed Street, Bordertown, will be live streamed via council’s Facebook Page, and recorded and published on Council’s website at <https://www.tatiara.sa.gov.au/> in accordance with this policy.

Any parts of these meetings that are closed to the media and members of the public under Section 90 of the *Local Government Act 1999* are regarded as confidential and will not be live streamed and/or recorded.

5.2 Access to Recordings of Meetings

In most cases, once a Council meeting has concluded, the video recording will be available to watch online via Council’s website within three business days. These links will remain on the website for a minimum of 12 months.

Council reserves the right not to upload or publish a recording if it is believed it may contain information that could be considered misleading, offensive and/or defamatory. Council may, from time to time, also direct staff to remove recordings or portions of recordings from the website where it considers it appropriate or advisable to do so.

5.3 Public Notification of Live Streaming and Recording

Council will advise the public that the meeting is being live streamed and recorded in the following ways:

- On notices at the entry to the Council Chambers (see attachment 1)
- Verbally by the Presiding Member at each meeting (see attachment 2)
- On the Notice of the Meeting (agenda) (see attachment 3)

It is not the intention of the live streaming or recording to capture those attending the meeting in the gallery. However, this may occur due to camera angles and seating arrangements. Members of the public who address the Council (for example through questions from the gallery or a deputation) are consenting to their image, voice and comments being recorded.

5.4 Licence and Use of Live Stream and Recordings

Access to live streams and recordings of public meetings is provided on Council's website for personal and non-commercial use. Video, images and audio contained in a live stream or recording of a Council Meeting or event must not be altered, reproduced or republished without the permission of Council. Copyright of all recordings remains with Council.

6. Identified Risks and Mitigating Actions

Council Meetings are a formal forum, open to the public, of statements, questions and answers, and debate. Occasionally, comments could be made which may be regarded as offensive, defamatory or contrary to law.

By live streaming and publishing recordings of Council Meetings, the potential audience is significantly increased, which also increases the likelihood and/or severity of potential liability.

No protection will be afforded to Elected Members, council employees or the public for comments made during meetings which are subsequently challenged in a court of law and determined to be slanderous.

While Council may not be liable for any inaccurate or defamatory comments made by an individual at a meeting, Council will endeavour to ensure that the broadcast of these comments is terminated or excluded from the live stream and/or recording where deemed appropriate.

To avoid any such occurrences:

- the Presiding Member (in consultation with the CEO) may at any time during a meeting request that a live stream and/or recording be terminated or interruption of live streaming if they believe the content poses a legal risk to the Council;
- the CEO and Presiding Member, by mutual decision, may choose to exclude part or all of any meeting recording which they deem to be inappropriate for publishing on Council's website. Material considered as inappropriate may include, but is not limited to:
 - Defamation
 - Infringement of Copyright
 - Breach of privacy / disclosure of personal information
 - Offensive behaviour including discrimination
 - Vilification or inciting hatred
 - Confidential or privileged Council information

The placement of the screens in the chamber may mean that the information being shown is not available to anyone viewing the meeting through live streaming.
